Fellowship day Message 2009

A warm Hello,

With the turmoil in our world, both natural and man made, it is a positive action that we stop and celebrate our friendships we have around the world and in our own countries. We are in many countries and it is nice to think that our brothers and sisters are thinking of us as well. We can take time to pat ourselves on the back for carrying out the teachings of Lord Baden-Powell of Gilwell.

Twinning is a positive way to grow our fellowship and friendships. This Fellowship Day, take a step into the world of adventure and consider Twinning with a Local Scout and Guide Fellowship in a country that does not use your native tongue.

Peace is gained through understanding and understanding is gained through communication.

We can even aim to meet up at the next World Conference in Como, Italy in 2011 to build on our friendship.

This Fellowship Day I thank you for your commitment to the betterment of the future of our youth and the support you have shown each other for a better world.
